## SETBACK NOW FOR THE DISBROW PROSECUTION.

Hotelman Ternell, Supposed "Star" Witness for the State, Swears He Never Saw Prisoner and Tragedy Victims Together—Boatman's Testimony Turned for the Defense.

GOOD GROUND, July 7.—There was a new and unexpected turn this afternoon in the proceedings against Louis Disbrow, who is accused of killing Clarence Foster and Sarah ("Dimple") Lawrence.

Although the day—the third of the hearing—opened with every promise that it would be a climax-day for the prosecution, the State's case received a set-back from one of its own star witnesses—Edward Ternell, proprietor of the hotel where Disbrow, Foster and Miss Lawrence were together on the fatal night.

Not only did Mr. Ternell fail to testify regarding a fight between Disbrow and Foster, which he was alleged to have witnessed, but he even denied absolutely that he had ever seen the prisoner and the two tragedy victims together.

The presence of Miss Lawrence in his hotel, he swore, became known to him only through finding some woman's apparel in a buggy which he discovered on his premises.

The District-Attorney was obviously chagrined at the hotel man's testimony.

Disbrow and Lawyer Miles were correspondingly elated.

## NEW ANTI-"CAR AHEAD" LAW PASSED BY THE ALDERMEN.

Board Adopts Mr. Sullivan's Substitute for the Ordinance Recently Declared Defective by the Courts.

In addition to having passed a new anti-"car ahead" ordinance by the Board of Aldermen this afternoon, Alderman Sullivan won a personal triumph. There was a rivalry among the members of the Board for the honor of fathering the new law. In having the one introduced by him adopted Mr. Sullivan gained his victory.

The ordinance passed to-day is to take the place of the one which was recently declared by the courts to be defective.

Soon after the Board met Mr. Sullivan asked immediate action on a "car ahead" ordinance.

Alderman Matthews and Meyers offered substitute ordinances. Mr. Meyers said his ordinance was approved by the Committee on Laws and Legislation and combines the good qualities of both the other proposed ordinances.

Alderman Sullivan said the Corporation Counsel had approved his ordinance and had written a letter. His ordinance provides that, "Every car owned, operated, managed or controlled by a street surface railroad company in the streets or highways of the city of New York shall carry throughout its route on the outside, in front and on top of each and every car so operated, a signboard or placard upon which shall appear conspicuously the destination of the said car.

## JUMPED FROM BRIDGE AND SPURNED RESCUERS' ROPE.

The suicide was about thirty years old, 5 feet 8 inches in height, medium build and wore dark clothes. Before

BURDEN ON REAL ESTATE.

Taxable Valuation on that Class of Property Increased More than \$92,000,000 in the City of New York.

The revised tax lists for 1902 were submitted to the Board of Aldermen this afternoon at a special meeting by President Wells, of the Department of Taxes and Assessments.

The total value of real estate assessed in the five boroughs is \$3,320,647,559—an increase over 1901 of \$92,869,318.

The total personal estate assessed in the five boroughs is \$526,400,135—a decrease from 1901 of \$23,792,473.

This shows a net increase of assessed real and personal property for 1901 of \$69,076,845.

The Borough of Manhattan shows, of course, the heaviest percentage of increase in the assessed real estate, the total for this borough amounting to \$2,759,955. The Borough of Brooklyn shows an increase of \$1,571,389, the Bronx \$9,692,255 and Queens \$1,680,080. The Borough of Richmond shows a decrease of \$3,255,323.

In the personal estate assessment all the boroughs show decreases save the Bronx. The increase there is \$494,563. The decrease in the Borough of Manhattan is \$15,891,533; in Brooklyn, \$3,664,322; in Richmond, \$2,930,085, and in Queens, \$1,890,673.

The real estate increase is due to the natural growth of the city, and increase in building operations, and the natural enhancement in the value of properties due to environment.

The most noticeable feature in the list is the decrease in the valuation of personal property due to the awarding of valuations made last year by various persons, as for instance in the case of Mrs. Caroline W. Astor, the widow of William Astor, who last year was assessed on personality of \$250,000. This year she had that amount wiped out by swearing that she is a resident of Newport.

W. C. Schermerhorn, who was last year assessed at \$500,000, also had his tax abolished by claiming that his residence was in Newport.

On the personal tax list, Andrew Carnegie, John D. Rockefeller, Florence A. Vanderbilt, Alice G. Vanderbilt, and William K. Vanderbilt, are assessed \$100,000 each and Frederick W. Vanderbilt \$2,000,000.

George W. Vanderbilt, who was assessed \$2,000,000, had the amount reduced to \$100,000, and also Reginald C. Vanderbilt, who was assessed the same amount.

The tax rate for this year has not been fixed yet, though it is expected that it will be arrived at and announced by August 1, and that it will be about the same rate as last year.

## TO ASK PRESIDENT TO BACK HIS CLAIM.

Rev. Father Cushing Will Go to Oyster Bay and Tell How He Was Illegally Arrested in Italy.

Four of the ten protesting priests, headed by the Rev. Father John H. Cushing, who went to Rome to demand the transfer of Bishop Matz, of the Denver diocese, Colorado, have returned to the city with the story that the long fight against Bishop Matz is about to terminate with his removal to the Philippine diocese.

While in Rome Father Cushing says he was subjected to the humiliation of arrest instigated by some person unknown to him. He says it was done to prevent him from presenting the case of the dissatisfied priests of the Denver diocese to the church authorities. He was taken out of his room at the dead of night and dragged off to jail. The next day he was posted off to an insane asylum and it was only after great difficulty that he secured his release. He was not released until he had appealed to the American Consul-General.

He was taken out of his room at the dead of night and dragged off to jail. The next day he was posted off to an insane asylum and it was only after great difficulty that he secured his release. He was not released until he had appealed to the American Consul-General.

## BROOKLYNS PLAY CINCINNATIS.

"Doc" Newton Pitches for the Superbas Against His Old Clubmates.

IT RAINED HEAVILY IN CHICAGO TO-DAY AND THE BASEBALL GAME BETWEEN THE NEW YORK AND CHICAGO TEAMS HAD TO BE CALLED OFF.

(Special to The Evening World.)

CINCINNATI, July 7.—The Brooklyn played the second game of the series with the Reds at League Park this afternoon.

"Doc" Newton, who wore a Cincinnati uniform before the Brooklyn Club secured him, was on the rubber for the visitors and, despite the extreme heat, he exerted himself to the utmost to encompass the defeat of his old comrades. It is not because of any feeling toward the members of the team that Newton always is doubly anxious to down the Reds, but because he thinks he did not receive the kind of treatment here that was encouraging to a young fellow. Newton is pitching better ball for Brooklyn than he ever did for Cincinnati, and he credits his success to the fact that he receives better treatment in his present surroundings than he did while he was with Cincinnati.

Manager Hanlon received a telegram from Catcher Charlie Farrell this morning informing him that Farrell would leave his home in Massachusetts to-day for New York, and that he hoped to report at Washington Park Tuesday morning to begin practice. Farrell has been ill for some time with malaria, and Manager Hanlon does not expect him to join the team until the Brooklyn returns home. In the meantime Ahearn will do the bulk of the catching for the Brooklyn.

President Ebbetts, of the Brooklyn Club, says that there probably would be no further action taken in the McGuire case until he returns home. Then the matter either would be repealed or a new suit filed for damages. Fuller, the catcher, who joined the Brooklyn some days ago, has shown up well in practice. He will be worked in one of the games with the Reds, as Hanlon is anxious to give him all the experience possible. Had Jack Doyle not been so precipitous in a statement,

Keynote and Choate Run Dead Heat in First, Former Winning Run Off.

(Special to The Evening World.)

BRIGHTON BEACH RACE TRACK.

N. Y., July 7.—The track was still a bit heavy at Brighton this afternoon. The deluge of Saturday was lasting. It was not wet in any way, but there were damp spots to show that the going was heavy and not at its best. The weather was cool and pleasant, though showers were threatening.

The card was much better than that of Saturday though lacking in stake features. The fields were large, well balanced and excellent speculative mediums. The attendance was fully up to the average that has patronized the other associations this season. Brighton is popular and will not suffer from lack of patronage.

FIRST RACE, for three-year-olds, mile and a sixteenth. Starters, white, jacks, St. H. Pl. Sr. Place.
